Seminar Objectives

This seminar is designed to provide a variety of learning opportunities for persons in the EMS (Emergency Medical Service) field. Participants will be able to list the essential elements of topics presented as listed below. The target audience is the EMS workforce, emergency and critical care nurses, and physicians. The courses are designed to be informative and enjoyable.

Maximum EMS Credits: 6

1 Basic Credit for pre-hospital personnel will be available in following categories pending arrival of instructor. Credits could be altered due to unavoidable circumstances.

Topic	Category
Oxygen & CO ₂ : What To Do When the Little Buggers Go Rogue	Airway & Ventilation
Chest Pain in the Field	Medical
Forensics in Trauma	Trauma
Pediatric Traumatic Brain Injury	Pediatric Trauma
Landing Zone & Hospital Helipad Safety	Operations
Trauma Exposure and Recovery for 1st Responders and Healthcare Workers	Preparatory

Maximum CCEMT-P CE Credits: (credits to be determined)

Maximum Nursing CE Credits: (credits to be determined)

Contact Hours will be provided by Air & Surface Transport Nurses Association (ASTNA). ASTNA is an approved provider for the California Board of Registered Nursing CEP 13575 as stated on your certificate.

Disclosures

The Air & Surface Transport Nurses Association (ASTNA) requires that disclosure of significant support or substantial financial relationships between presenters and commercial entities is required in relevant situations whether or not there is direct commercial support of the activity. Each speaker and committee member has completed an ASTNA Disclosure Form which is on file at West Michigan Air Care and ASTNA.

Event Disclaimer

Due to limited number of conference center seats, registration will be capped at 150. **Online registration should not be considered final until email confirmation is received from West Michigan Air Care.**
